Hi 7th Period Students!

I hope all of you are doing well and adjusting to the “new normal”. I miss your faces! If you have any concerns you can reach out to me. I know you are seeing the current events and I hope you are getting an even clearer understanding of how essential your future roles will be as a Health Care Worker (HCW).

I want to encourage you to notice how much you have learned and when you are reading/listening to current news how much of the vocabulary they are using you would not have known before the first of this year! We are seeing some of our class lessons unfold before our eyes.

TTYL,
Wanda Anderson RN

Objectives

Objective / I Can:

- Review the prefixes, suffixes, and word roots from this year so that it will not be forgotten.

Activities

Student Activities: Go to your Go Conqr account and review each of the units. Keep score. I will be checking on how you did. You will be surprised how much you remember and have forgotten. Medical Terminology is like a foreign language, if you don't use it you will lose it !! So practice your words this week every day so we don't lose it.
