Previous Lessons:

Hi friends!

GOODNESS DO I MISS YOU!!! Have I mentioned I teach high school for a reason, so staying at home with the two little ones MIGHT be more stressful than being at work, haha. I hope you all are staying safe (and at least six feet from others!)

So we are going to continue to use Microsoft Teams as our main place. If there's anything through another website, I'll link it to Teams as usual, and allegedly I can link it through these handy pages. Activities will be on Teams prior to each Monday morning. You'll have until the following Monday at midnight to submit unless otherwise specified.

Like I said, I miss you always. I am thinking of each and every one of you during this weird time. I'll "see" you soon. In the meantime, social distance, wash your hands, be kind to who you're "quarantined" with. MAKE GOOD CHOICES!

LOVEYOUMEANIT,

Mules

Objectives

Objective / I Can:

- I can attend class online without Mules having to email me to remind me to check Teams.
- I can identify key attributes of graphs of quadratic equations.
- I can identify the vertex of a parabola in vertex form.

Academic/Instructional Support

Schedule: M-F 8-3

Office Hours:
Tuesdays and
Thursdays 1-2

I will have “office hours” (which I think just means “time to ask me questions”) each week on Tuesday and Thursday from 1-2. HOWEVER, sometimes office hours are unrealistic and you have questions that come up inbetween. Here’s some things you can try:

1. Email me- I’ll answer all emails ASAP, but definitely within 24 hours.
2. Post to the Teams discussion- maybe someone else has the same question, or a way to help you answer the question.
3. The whole country is basically online learning. YOUTUBE??

To Be Graded

Assignment for students to submit to TEAMS Folder:

1. Warmups, as usual. (3.25, 3.26, 3.27) = 1 grade
2. Exit Quizzes (3.25, 3.27) = 1 grade
3. Assignment 3.26 = 1 grade

When is it due?

3/30/2020 before midnight, please!

How will it be submitted?

Electronically, via Teams 😊
