Hi,

This week we will still be learning about acronyms. I am attaching the information sheet about what exactly an acronym is, just as a reminder. Complete the worksheet just like you did last week and return it to me.

## Objectives

Objective / I Can:

- Understand what an acronym is
- Learn in context common medical acronyms

## Activities

Student Activities: Go to our TEAMS Assignments there is a file called Acronyms Lesson 2.

This is a WORD document with a spreadsheet with about 20 common medical acronyms. You should be able to type directly on this document. I have given you the acronym and the term but, I want you understand what the term means. You can write a **brief** definition in last column. Save it and then send it to me via TEAMS. **This is your work for the week so it is also a grade.**

Go to [Teams Folder](#). Called Acronyms see Lesson 2
