Dear Yearbook Students,

We are still going get a yearbook together for this year. Not much needs to be finished. I would like for you to spend the next few days easing yourself back into the school lifestyle. It will be interesting to see how well we all do working from home...me included.

Since we are obviously unable to move around much to work on the book, let's work on a little creativity.

Each week you will have a choice of how you would like to complete your project. This week...I only request that you complete one slide with one theme. I have an example placed in out TEAMS folder to help. It doesn't have to be anything too exciting...just represent.

Objectives

Objective / I Can:

- Reflect upon the past couple of weeks and take some pictures that help to represent what has been happening in my life while the pandemic ensues
